

Holocene Global Landuse (HOLA)
Barcelona Workshop
25-26 January 2018
Universitat Pompeu Fabra – Campus Ciutadella

25 January 2018

Gathering at 9:00 at the Mercé Rodoreda Building at Ciutadella Campus of UPF

9:00-10:00 – Presentation of participants – each one can introduce her/himself with a 5 mins about the current research and possible contributions to the workshop.

10:00-10:45 – Introducing the scope of HoLa and LandCover6k for understanding land use during the Holocene – K Morrison, M Madella, N Whitehouse

--- **Coffee break** --- **15 mins**

11:00-11:30 – Questions and clarifications on the introduction

11:30-13:00 – Discussion on further developing regional categories

--- **13:00-14:00** – **Lunch at UPF cafeteria** ---

14:00-15:30 – Discussion on further developing regional categories and on possible links between the developed categories and current land use categories used by modelers (e.g. intensive vs extensive agriculture, managed forests, etc.)

--- **Coffee break** --- **15 mins**

15:30-17:30 – Discussion on further developing regional categories and on possible links between the developed categories and current land use categories used by modelers (e.g. intensive vs extensive agriculture, managed forests, etc.)

<p>Workshop dinner (we are trying to organize a dinner together, further information on the day of the workshop)</p>

26 January 2018

9:00-10:45 – Discussion on categories refinement (what is pastoral? what is irrigated agriculture? etc) and on possible links between the developed categories and current land use categories used by modelers (e.g. intensive vs extensive agriculture, managed forests, etc.)

--- **Coffee break** --- **15 mins**

11:00-13:00 – Discussion on categories refinement (what is pastoral? what is irrigated agriculture? etc) and on possible links between the developed categories and current land use categories used by modelers (e.g. intensive vs extensive agriculture, managed forests, etc.)

--- 13:00-14:00 – Lunch at UPF cafeteria ---

14:00-16:00 – As in the morning, whatever further need of discussion and suggestions for regional “leaders” for developing packets of the land use strategy at regional level
