

ELECTION OF INQUA COMMISSION OFFICERS

Call for nominations for 2023 – 2027 term

INQUA has five Commissions (Coastal & Marine Processes; Humans & the Biosphere; Palaeoclimates; Stratigraphy & Chronology; Terrestrial Processes, Deposits & History) that provide leadership in different spheres of research and are responsible for ensuring that INQUA scientists remain at the forefront of activity in their fields.

The **duty of a Commission** is to encourage and facilitate: 1) communication within the Commission, including all Corresponding Members, and between the Commission and the INQUA Executive Committee, and 2) participation in cooperative projects, scientific meetings, and field excursions during Congresses and inter-Congress periods.

Nominations are hereby invited for the **INQUA Commission Officers** for the Inter-Congress Period, 2023 – 2027. Commission Officers serve for an Inter-Congress period of four years. The current INQUA Statutes and Bye-Laws require each Commission to nominate a **President, one or two Vice-Presidents, a Secretary and ECR Representative** before the Congress. These nominees will then be considered by the Executive Committee and a final list of recommended names will be presented to the International Council for approval during the 2023 Congress.

In accepting their nomination, each nominee commits to engage with INQUA - the Executive Committee, Commission and community – to ensure communication and foster the development of the Commission and its activities according to INQUA's Statutes and Bye-laws for the duration of the inter-congress period. The nomination form is attached.
